

Policy

Achieve will automatically approve Early Childhood and School Age related training from:

1. Accredited colleges and universities
2. Federal and Minnesota State agencies
3. Organizations offering CEUs with current [IACET accreditation](#)
4. Nationally recognized organizations listed in the chart below
5. Publishers of curriculum or assessment tools recognized by Parent Aware
6. Minnesota Independent School Districts and [MDE Recognized Charter Schools](#)

Review Process

Individuals and organizations can nominate or request that an organization be reviewed for Automatic Training Approval status. Organizations must provide training related to the early childhood and school age field to be considered for this status. Achieve – The MN Center for Professional Development will look at the criteria outlined below to determine if Automatic Training Approval status is appropriate.

How it Works for Your Training Organization

STEP 1

Introduce your training organization to Achieve and request to be considered for Automatic Training Approval.

- Tell Achieve which type of Automatic Training Approval you are seeking for your training organization:
 1. College & University
 2. Federal or Minnesota State Agency
 3. IACET Accredited Organization
 4. Nationally Recognized Organization
 5. Publishers of a Parent Aware Recognized Curriculum or Assessment Tool
 6. Minnesota Independent School Districts and [MDE Recognized Charter Schools](#)
- Training organizations that are a direct program or initiative of a college, university or federal/Minnesota State agency can submit a *Formal Affiliation Endorsement Letter* to move the process along swiftly.

STEP 2

Provide training certificates to your attendees that provide as much information about the training as possible.

The certificate **must** clearly show:

- Attendee’s Name
- Title of the training
- Date the training was completed (must be within the last five years)
- Total number of hours (a minimum of 2 hours)

- The name and logo of your training organization

Helpful, but **not** required on training certificates:

- Organization ID# if the training organization has one in [Develop](#).
- Appropriate [Minnesota Knowledge and Competency Framework](#) (KCF) Content Area

Achieve reserves the right to verify authenticity by contacting organizations directly.

Achieve will assign the [Minnesota Knowledge and Competency Framework](#) (KCF) Content Area as identified on training certificates. If no specific KCF area is found, Achieve will assign a Minnesota KCF Content Area to the training, based on the title and/or description of training. If Achieve is unable to confidently determine the appropriate KCF Content Area they will classify the training as KCF Content Area VI: Professionalism.
