

Achieve – The MN Center for Professional Development follows requirements set by the MN Department of Human Services to uphold the integrity of MN’s Professional Development system for Early Childhood Educators and Caregivers. All approved Training Events, Courses, and Trainers listed in Develop’s [Search for Training](#) tool are listed with the intent of providing attendees with the valuable knowledge and high-quality professional development experiences they need to reach their goals.

The quality of all approved learning opportunities found in the Develop system are important for the success of the Early Childhood Education workforce as well as for the children they educate and care for. Minnesota’s Professional Development system relies on feedback to ensure quality expectations are being met. This feedback is collected from individuals who use the Develop system to participate in or support learning opportunities connected to approved trainers, approved training events, approved courses, etc. There are two methods to share feedback:

- Trainer and Training Evaluation Tool (TTET)
 - Reserved for verified attendees of training events only.
 - This Develop tool allows attendees the option to anonymously provide informal general feedback about the approved training they attended.
 - The feedback from all attendees is collected and accessible to the trainer or training sponsor for their own reflection and professional growth.
- Training Quality Concerns Form
 - Open to Individuals who experience notable concerns while:
 - registering for and attending an approved training event
 - contracting with an approved trainer and/or training sponsor
 - providing professional support and guidance to approved trainers/training sponsors as an employee of DHS, Develop, Achieve, Trainer and RBPB Support Services (TARSS), Child Care Aware, etc.
 - This process allows individuals to confidentially report notable training quality concerns directly to Achieve.
 - Reported concerns are reviewed by Achieve and initiate a supportive mediation process to resolve the concern for future training events, as described below.

Verbal feedback will not be accepted for reporting a training quality concern. Individuals who wish to report their concern(s) must complete and submit the [Report of Training Concerns](#) form no more than 30 days after their experience. This timeline ensures the most accurate recollection of the experience by all involved. Incomplete forms will not be reviewed. The identity of the reporting individual will always be kept confidential however, the details of the experience causing concern will be shared with the Training Sponsor, Trainer, and/or owner of the course content during the review process.

Individuals are encouraged to report their training concern(s) experiences including but not limited to:

- An approved trainer broke one or several of the agreements as detailed in the [Trainer Agreement Form](#) while:
 - Representing the approved trainer community.

- Facilitating an approved Training Event.
- The content delivered during the training was inaccurate and/or did not meet expectations.
- The learning environment failed to support an inclusive and successful learning experience for them and/or other attendees.

All reported concerns presented to Achieve using the proper form will be thoroughly reviewed and assigned a level to determine the best plan of action. Based on the level and details of a concern, Achieve may request additional support and guidance from TARSS and/or DHS- Child Development Services Unit.

Staff of Achieve - The MN Center for Professional Development, Trainer and RBPD Support Services (TARSS), The MN Department of Human Services (DHS) and/or individuals otherwise designated by MN DHS, reserve the right to:

- Attend any Develop approved Training Event without notice.
- Bypass the steps outlined in the Training Concern policy when reported concerns clearly pose a direct or indirect risk to the health and wellbeing of the trainer, attendees, and/or the children receiving education and care from training attendees. In these cases Achieve under the guidance of the MN Department of Human Services will immediately take action to:
 - Terminate a Trainer or Training Sponsor’s approved or registered status.
 - End access to Develop’s Training Entry feature.
 - Cancel all scheduled Training Events.
 - Inactivate the Develop profile to restrict future access.

All Training Quality Concern Forms and communications during the review process will be kept on file electronically at the Achieve office. All incident date, summaries, and communications tied to reported concerns will be documented on the appropriate Develop profile for record keeping purposes.
